AA TEX LAWN Company, Inc.

1 “The trick to a good landscape is that if you’re not at your vacation home in Boca Raton, you still want to feel like you’re there,” explains Mark Lay, Owner/President of AA TEX LAWN. He evokes that feeling in Charlotte backyards through unique landscapes that compliment people’s personalities and lifestyles. Whether it is the soothing sound of a gentle waterfall combined with a warm fire by a cozy fireplace or the view of a magnificent landscape planting from a covered veranda, he likes to create a tranquil oasis that offers an escape from everyday life.

Lay created his company, which handles everything from water features to the installation of paver patios, hand-laid rock walls, concrete segmented retaining walls and more to minimize the burden on his clientele. “We can create anything they envision, or design it for them, and then help maintain it, so they only have to worry about the fun part.” (704) 821-0708
